

Mateusz (name changed), a Polish national, approached our Immigration Advice Service for support with his application for settled status under the EU Settlement Scheme. He had previously held pre-settled status and wanted to secure his long-term immigration status in the UK.

Our service provided guidance and assistance with the application process, helping Mateusz to submit his application correctly and confidently. He received a positive decision within just five days.

Mateusz was very pleased with how quickly his application was processed. He said that obtaining settled status has made him feel more secure about his future in the UK and has given him greater peace of mind.

This case demonstrates the positive impact of accessible immigration advice and support, helping individuals understand their rights and secure their status in the UK.
